HORTI-BLAZE™

The Horti-Blaze™ is a high-powered, efficient and rugged horticultural LED sole-source grow light for vertical farming and other indoor farming applications.

Manufactured in the UK using the latest in LED technology and in lengths up to 2.4m (8'), Horti-Blaze™ is available in multiple spectra with market leading efficacies.

Easily integrated into racking systems as a top-light or an intracanopy solution, the Horti-Blaze™ system minimises the number of luminaires required and utilises fewer drivers compared to similar products, minimising electrical connections & reducing install cost.

LOCKABLE INTERCONNECT

UP TO
3.8 $\mu\text{mol/J}$

HYDROPHOBIC PRESSURE EQUALISING VENT

JUST 28mm (1.1") THICK

TOUGH POLYCARBONATE LENS

IP66 RATING

FULLY RECYCLABLE BODY

HIGHER PPF & WIDER BEAM ANGLE

Meaning fewer luminaires for the same coverage in many cases

LOWER INSTALL COST

Increased max run lengths mean fewer drivers & electrical connections.

REDUCED ENERGY CONSUMPTION

Market leading efficacies keep energy use to a minimum

INCREASED RECYCLABILITY

A fully recyclable body & refurbishable parts reduce end of life waste

SPECTRA OPTIONS

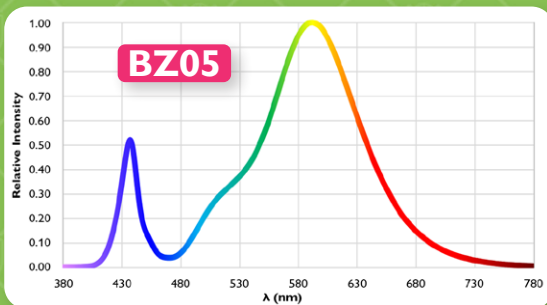

BZ01 - EFFICIENT PHOTOSYNTHESIS

- Purple appearance
- Wavelengths targeted purely to drive photosynthesis, resulting in an energy-efficient, high-biomass yield
- Ideal for a wide range of crops grown in enclosed systems

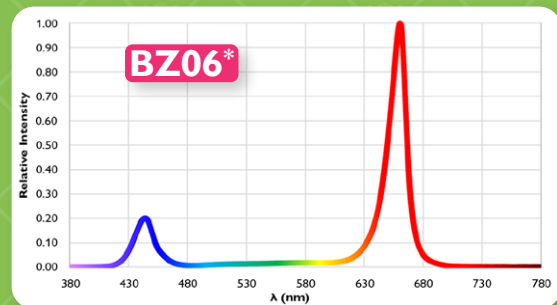

BZ03 - VEGETATIVE WHITE

- Pale pink appearance
- Emphasised red and additional green wavelengths promote good overall growth
- Ideal for a wide range of crops requiring regular attention from workers

BZ05 - BROAD WHITE

- White light appearance
- Tailored towards the human eye, this spectrum gives balanced overall growth whilst making the plant grown under them appear vibrant and healthy
- Suitable for many crops

BZ06* - EFFICIENT VEGETATIVE

- Pale purple appearance
- High proportion of red and blue wavelengths drive photosynthesis
- Small, energy efficient, addition of green light allows for improved visual crop inspection

SPECTRA PHOTON DISTRIBUTION & RATIO

	Blue PF	Green PF	Red PF	Far Red PF	B:G	R:B	R:FR
